

Siam P&W Technic

Customized Laser Solution For *Accurate Gate Cutting*

Customizable laser solution for autonomous production line integration, including accurate gat cutting, CCD laser marking, and specialty machinery.

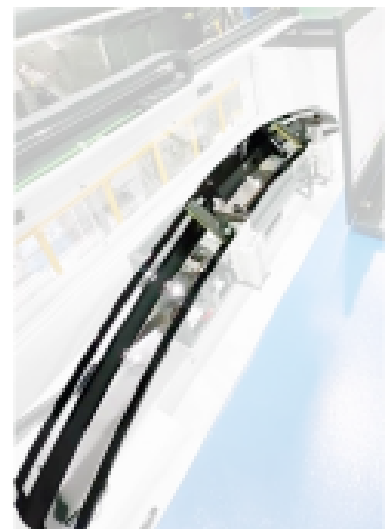

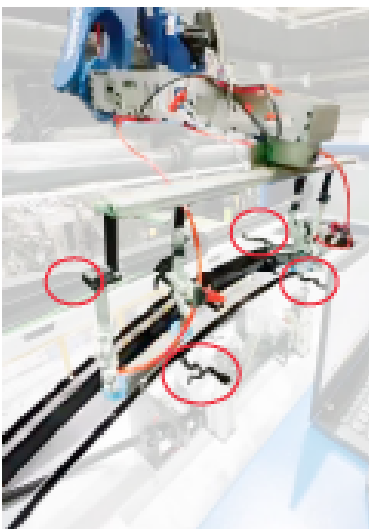

Machine Specification

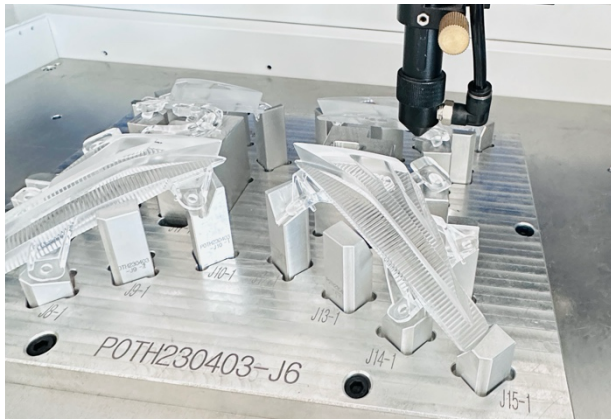

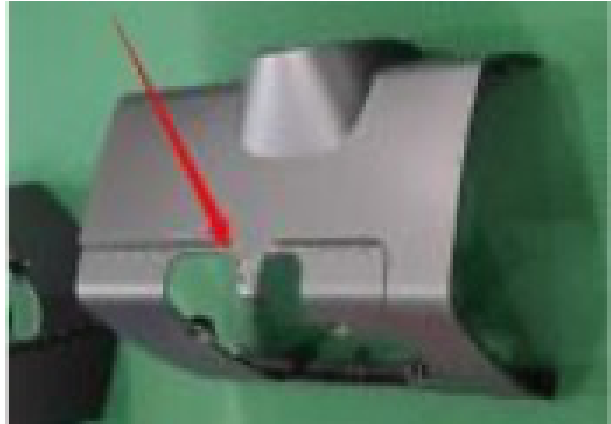

Model: **ETL E6040S**

Application

Material Samples

Specifications

Model ETL E6040S

Laser Source Glass tube CO₂ laser 80W

Cooling Water cooled

Working Area 600 x 400 mm

Dimension ? mm (WxDxH)

Weight ? kg

Requirements

Supported Windows

Power 220V / 15A / single phase

Min Floor Area ? cm
